**DETAILED ACTION**

***Allowable Subject Matter***

Claims 189 – 200, 203 and 206 – 208 are allowed.

The following is an examiner's statement of reasons for allowance:

The cited prior art teach various devices for analyzing particle-containing liquid samples. Regarding the apparatus of Ramsey (U.S. Pat. No. 5,858,195 A), the cited prior art neither teach or fairly suggest the further incorporation of a sheath flow assembly in fluidic connection with the first analysis channel upstream of the first analysis region. The cited prior art neither teach or fairly suggest the further incorporation of a reagent inlet in fluid communication with the first analysis channel between the serpentine channel structure and the first analysis region. The cited prior art neither teach or fairly suggest the further incorporation of a sample analysis region comprising a filling status gauge. The cited prior art neither teach or fairly suggest the further incorporation of a waste storage container comprising an expandable compartment. The cited prior art neither teach or fairly suggest the further incorporation of a vent in direct communication with a first analysis channel.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
